

Industry Profile

Engineering is a key industry in the Limestone Coast region, providing jobs and services within over 70 firms. Firms range from micro businesses to large enterprises and can be found across the region.

Engineering firms support a range of other regional and national industry sectors, including wineries, mining, farm, forestry, building and construction.

Business Profile

Krueger Engineering Pty Ltd, Mount Gambier

What does our Business do?

Our multi-faceted approach to business has brought increasingly specialised diversification. This has led to our involvement in a number of high profile ventures including the Alice Springs to Darwin rail project, the Prominent Hill copper-gold mine, the Murray Basin Douglas project, the Australian Zircon Mindarie mine and more.

- Commercial, industrial or domestic construction
- Machinery and boiler installation
- Winery, Mining and Timber Mill installations
- General Engineering
- Breakdown services
- Crane Hire
- And much more

Krueger Engineering's expertise spans agriculture, building and construction, food preparation, forestry harvesting and transport, mining, pulp and paper plus timber processing. We've also extended our winery and viticulture capabilities to become the Australian representative for Filtrox and Sutter winery equipment.

Through our head office in Mount Gambier and our Hamilton, Victoria manufacturing facilities we have undertaken site installation works in SA, WA, NSW, ACT, Victoria, Tasmania and are seeking to expand our offshore activities.

Workforce Development

Our industry offers a wide range of career options. Employees can complete their trade certificate and continue with further training in specialised welding, crane operations, forklift and EWP licensing. Employees can also embark on training for a professional career in Drafting, Estimating or as a Structural Engineer.

How do we recruit?

Apprentices/Trainees

- We source potential apprentices from the local area through
- Work Experience programs through Tafe SA and High Schools.
- Advertisements in the Newspaper and Internet
- Proactive applicants.

Senior Staff

- Advertise in News papers and internet
- Word of mouth
- Cold calling by Trades people

Strategies

Since our inception in 1985, we've worked tirelessly to develop exceptional value for our clients. Our team consistently evaluates and refines internal processes and procedures, ensuring optimal quality and efficiency in everything we do. Krueger Engineering is AS/NZS ISO 9001:2000 accredited (licence number AU818-QC) and our team is genuinely committed to engineering excellence.
